Agent Offline ho sakta hai..
Restart Agent
CConnectivity between azure devops and agent is having issues.
Tool Version Issue
Permission Issue

Agent Online kaise karte hai?
Kitne tarike ka agent hota hai?
Kon sa agent kab use karte hai?
Kiska kya kya advantage hai
Agent pr kya kya issue aa sakte hai?

Microsoft hosted agent azure wala khud provide karta hai...

Jaise hi pipeline chalu hota hai mast nai tatatak vm bnke aati hai

jaise hi pipeline khatm hoti haitoh vm delete ho jati hai...
