Interview Preparation PreRequisites	50% Weightage

Taiyari rahe ya naa rahe, Interview dena hi hai.. Dindora pit do ki main notice pr hu..

Current Company ko block karke, serving notice period likh dalo... Can join in 15 days likh do..

Due to personal challenges at home, I was not doing job, I was doing freelance from last 2 year, I am a expert. Now I am ready to join full time as freelance is not permanent solution.

LinkedIn pr blogs dalo, Internship certificate dalo.

Abhi raat se ye sab karna start karna hai...

Introduction	15% Weightage
Project Use Case	
Project Architecture	
Project Implementation	
Project Handover	

HandsOn + Screen Share karke padana + Group Discussion karna	35% Weightage

Total = 100% Job Guarantee

Naya chiz padna hai har din thoda thoda lekin main time purana revise karne me dena hai...

Azure Terraform Git Pipeline pr focus karna hai..

Aaj se pipeline revision start kar rahe hai..

Pipelines ka jarurat kyu pada?

1. infra deploy kar sakte hai

2. App deploy kar sakte hai.

3. Custom Image bana sakte hai..

4. Koi bhi scanning kar sakte hai

5. Koi bhi script chala sakte hai..

Jo bhi chiz command line se hoti hai, usko pipeline se automate kar sakte hai

Jis pr sara kaam hoga, vo dalla is called a agent..
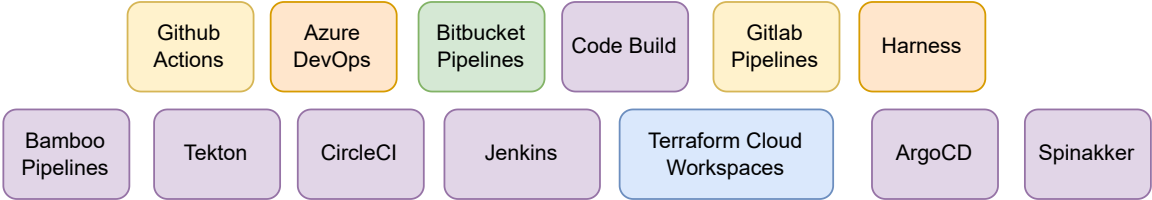

SCM

GitHub   Azure Repos   Bitbucket   Code Commit   GitLab

Ye charo tool same technologia git pr chlta hai bs inka UI alg hai

Pipelines

Github Actions	Azure DevOps	Bitbucket Pipelines	Code Build	Gitlab Pipelines	Harness

Bamboo Pipelines	Tekton	CircleCI	Jenkins	Terraform Cloud Workspaces	ArgoCD	Spinakker

Decide SCM
Kisi bhi SCM se koi bhi pipeline connect ho sakta hai..

Azure Repo   Azure Pipelines

Agent
